

Table of Contents

Preface	x1
List of Contributors	xiii
1. Introduction	1
C. Cocklin, I. Bowler and C. Bryant	
1.1 Change and transition in the countryside	1
1.2 Rural systems and sustainability	3
1.3 Confronting the challenge	6
Part I: Interpreting sustainability	
2. Developing indicators of 'sustainability'	13
W. Smith	
2.1 Introduction	13
2.2 Why is it so hard to establish good indicators?	14
2.3 Components of sustainability	16
2.4 Indicators and decision making for sustainability	19
2.5 Collecting data for indicators of sustainability	21
2.6 Looking for frameworks for indicators	22
2.7 From concept to action on sustainability	25
2.8 A critical review	26
2.9 Human needs, social capital and science	29
2.10 Conclusion	31
3. Nature, society and sustainability	35
G. M. Robinson	
3.1 Introduction	35
3.2 Defining sustainable development	36
3.3 Sustainability, nature and development	40
3.4 Malthus, Marx and sustainability	42
3.5 'Green' movements and sustainability	44
3.6 Environmental 'citizenship' and sustainable rural development: a case study of Canada's Atlantic Coastal Action Programme	49
3.7 Conclusion	53

4. The 'wild', the market and the native: indigenous issues in wildlife utilisation and management	59
---	----

M. Langton

4.1 Introduction	59
4.2 A new global market: the 'wild', the native and the market	60
4.3 The role of indigenous people in biodiversity conservation	61
4.4 Arguments about indigenous use of wildlife and sustainability	64
4.5 Reconceptualising indigenous relationships with the natural world	67
4.6 Indigenous responses to the pressures of development	73
4.7 Recognition of traditional resource rights and sustainability	75
4.8 Conclusion	78

Part II: Globalisation, restructuring and sustainability

5. Globalisation, food regimes and rural networks	81
---	----

R. Le Heron

5.1 Introduction	81
5.2 Food regimes, food chains and networking	82
5.3 Situated networking and learning challenges: New Zealand examples	85
5.4 Conclusion	92

6. Restructuring, regulation and sustainability	97
---	----

N. Lewis, W. Moran and C. Cocklin

6.1 Introduction	97
6.2 Regulation	98
6.3 Re-regulation and restructuring	100
6.4 Resiting and rescaling of regulation	102
6.5 Restructuring and sustainability	104
6.6 Sustainability and restructuring: beyond the environmental impulse	107
6.7 'Institutional thickness' and social sustainability	108
6.8 Governance	109

6.9	Governance and sustainability in the New Zealand wine industry	110
6.10	Conclusion	115
7.	Enterprises and commodity chains	123
M. Troughton		
7.1	Introduction	123
7.2	From subsistence to commercial agriculture	124
7.3	The development of agribusiness	130
7.4	Responses and alternatives	137
7.5	Conclusion: the question of sustainability	141
Part III: Environmental imperatives		
8.	Conservation and sustainability	147
M. Tilzey		
8.1	Introduction	147
8.2	Principles and concepts	147
8.3	The dynamics of conservation in the modern era	150
8.4	The preservationist phase	152
8.5	The regulatory phase	157
8.6	Post-materialist and sustainability phases	159
8.7	Conclusion	166
9.	Sustainable farming systems	169
I. Bowler		
9.1	Introduction	169
9.2	The limits to sustainable development in productivist agriculture	171
9.3	Emergent features of sustainable agriculture?	174
9.4	Developing sustainable farming systems	180
9.5	Conclusion	183
10.	Planning for sustainable rural land use systems	189
H. van Lier		
10.1	Introduction	189

10.2	Land-use planning and sustainability	189
10.3	The need for land-use planning	191
10.4	Spatial concepts	195
10.5	An elaborated example of the ecological network	200
10.6	Conclusion	207
Part IV: Rurality, community and development		
11.	Rural population and services	211
A.	Joseph	
11.1	Introduction	211
11.2	Long cycles of change	212
11.3	Short cycles of change	214
11.4	The rural elderly in the open society	216
11.5	Conclusion: prospects for the sustainability of rural communities and lifestyles	218
12.	Sustainable rural communities and rural development	225
R.	Epps	
12.1	Introduction	225
12.2	Globalisation, technological change and rural communities	228
12.3	The circumstances facing towns and regional centres	229
12.4	Enhancing the sustainability of rural communities: economic growth theory	231
12.5	Theories of rural and regional economic growth	232
12.6	Government policy approaches to stimulating rural economies	233
12.7	Ecological theory and the stability of rural businesses	238
12.8	Linkages to the urban-industrial complex	239
12.9	Urban-rural migration	241
12.10	New firm establishment	241
12.11	Conclusion	242
13.	Urban and rural interactions and rural community renewal	247
C.	Bryant	
13.1	Introduction	247

13.2	An actor-based framework for analysing rural community sustainability	248
13.3	Urban and rural interactions	249
13.4	Sustainable communities	254
13.5	Rural community renewal and sustainability	256
13.6	Conclusion	265
14.	Conclusion	271
C. Bryant, I. Bowler and C. Cocklin		
	Index	275

Index

- aboriginal people 7-8, 22, 59-80, 156-57, 165, 219, 221
- accumulation 158, 163, 164-65
- Actor-network Theory 248
- actors 5, 10-11, 82, 85, 247-69, 272
- Agenda 2000 35
- Agenda 21 37, 49, 164
- aging 214, 216-18, 229, 230, 241, 258, 262
- agribusiness (see agri-food industry)
- agri-chemicals 88, 113-14, 132-33, 140, 173, 175, 182
- agriculture
 - alternative 124, 137-41, 80-82
 - commercial (see industrial)
 - industrial 2, 8, 83, 123-36, 171, 174, 178
 - radical 181
 - rational 181
 - revolutions 123-36, 142
 - subsistence 141, 163-66
 - sustainability 37-39
 - urban 257
- agri-environmental policy 9, 22, 39, 76-77, 186
- agri-food industry 85, 123, 130-36, 139, 142, 184
- agroecosystem 170-71
- animal manure 140
- apples 85-88, 92
- Arcadia 43-4
- Arena Society Model 212, 215
- Atlantic Coastal Action Programme 49-53
- Australia 7, 8, 9, 22, 25, 26, 36, 59-80, 106, 107, 128, 131, 136, 155, 175, 183, 229, 235, 237, 239, 241
- banking 211-23
- beef 134-35
- behaviour 178-79
- biodiversity 5, 46, 59, 60-64, 66, 72, 78, 147, 162, 173, 177, 182, 190, 207
- Biodiversity Convention 164
- bioethics 45-46
- bioprospecting 63-65
- biosphere reserve 164
- biotechnology 171
- Birds Directive 162
- Brundtland Report 5, 13-14, 36-39, 104-5, 160, 191, 198-99
- Canada 7, 9, 22, 25, 26, 49-53, 76, 128, 135, 138, 183, 212-13, 239, 253, 257, 260, 262-63, 273
- Canadian Wheat Board 138
- capacity building 61, 266, 273
- capitalism 43, 98, 104, 115, 130, 139, 155-56, 160, 183
- carrying capacity 4, 26, 42
- cash cropping 155-57
- colonialism 155-57, 166
- commodification 59, 83
- commodity chain 123-45
- Common Agricultural Policy 162, 172, 176
- community 1, 5, 9, 10, 28, 40, 47, 49, 52-53, 106-8, 140, 170, 174, 184, 207, 211-23, 225-46, 247-69, 272
- concentration 132, 134, 136, 172
- conservation 9, 35, 44, 51-52, 61-64, 68-69, 147-68, 157, 162, 165-66, 177, 184, 190, 195, 273
- consumers 22, 86, 158, 171, 174, 179, 182, 185
- contract 89-90, 92
- Convention on Biological Diversity 61, 66, 69
- Convention on International Trade in Endangered Species 69, 78
- co-operatives 129-31
- corporate (see agribusiness)
- cost-price squeeze 133
- counterurbanisation 1, 249

- countryside 160, 163, 189, 194, 199, 250, 266
 Countryside Stewardship Scheme 178
 crop rotation 127, 181, 196
 cycles of change 9-10
- dairy 85, 87, 90-91, 107, 114, 130, 136, 174
 decision making 19, 23, 31, 35, 68-69, 90, 124, 266, 272
 deforestation 155
 democracy 255
 demographic transition 42
 demonstration farms 178, 185
 Denmark 177, 179
 depopulation (see population change)
 diversification 174-80, 236-38
 driving forces 24-25
- Earth Summit (Rio) 37, 49, 151, 164
 ecocentric 45, 52, 150-52, 154, 164
 ecology 9, 16, 27-28, 42, 43, 69, 181, 200-7
 deep and shallow 46-47, 154, 164
 political 149, 151
 sustainability 39, 60, 104, 169
 theory 10, 46, 155, 237-39
- economic 1, 10, 107
 base 10, 78, 153, 232, 254, 258, 263
 development 10, 39, 148-49, 264
 growth theory 231-33
 ecosystem (also see systems) 5, 17, 22, 24, 29, 38-39, 48, 105, 160, 170, 192, 200, 231
 ecotourism 164
 education (see services)
 elderly (see aging)
 endangered species 66
 entrepreneurship 235-35, 241-42, 262-63
 environment 2, 165
 capacity 9, 147-48
 citizenship 49-51
 degradation 18, 163, 184
- ethics 31, 39, 45, 72
 goods 148, 175, 184
 indicators 17-18
 management 49-51, 104-5, 149, 155, 157, 163, 165, 184
 monitoring 22, 26
 policy plans 21, 164
 Protection Agency 22, 30
 sensitive 44, 54, 113, 177
 sustainability 102, 124
 environmentalism (see also Green movement) 44-45, 105, 150, 164
 equity 39, 68, 192, 271
 Environmentally Sensitive Areas 177-78
 European Union 22, 35, 83, 111, 138-39, 162, 170, 176, 180, 195
 extensification 175-80
 externalities 176
- farm 84, 92, 106, 115, 123-45, 148, 170, 173, 194, 214, 228, 252
 farm population 127, 131, 140-41
 farmers 89-92
 farming system (see systems)
 feedlots (see beef)
 fertiliser 131-32, 140, 173, 175, 178
 food
 chain 82-85, 239
 fast 136, 142
 health 171, 174
 labelling 106, 179
 networks 3, 184
 processing 89, 128-29, 134-35, 172, 215
 quality 175-80
 regime theory 8, 44, 81-85, 99, 171, 173, 175
 supply 170, 173
 Fordism 130, 157, 159
 forest 155-56, 198, 204, 260
 fruit 86-88
- Gaia 45-46
 gemeinschaft 47
 Gender-related Development Index 225

- genetic engineering 59, 136, 138, 174
 Genuine Progress Indicator 18
 Geography 5, 6
 globalisation 2, 8, 59-60, 81-96, 99,
 100-1, 104, 108, 110, 113, 157, 176,
 226, 228-29, 235, 260, 272
 GNP/GDP 13, 16, 18, 170, 225, 229
 governance 8, 62, 81, 104, 106, 109-
 15, 272-73
 Green movement 44-49, 104, 106, 112,
 175, 179, 257
 Green Revolution 159, 172, 174, 183
 greenbelt 259
 greenhouse gas 28
 growth centres 234
- habitat 201-3, 237
 Habitats Directive 162
 habitus 99
 hedgerows 177
 human
 Development Index 225
 needs 29-31
 welfare 18
 hunting 64-65
 hybrid seeds 132, 133
- imports 158
 imperialism 59
 Index of Fragility 263
 indigenous people (see aboriginal
 people)
 infrastructure 235-36, 272
 industrialisation 99, 239
 integrated
 farming system 9, 22, 182-85
 fruit production 86, 92
 horizontal/vertical 136
 management 115, 199, 258, 273
 rural policy 163
 Wine Production Programme 113
 institutions 19, 30, 82, 84, 90, 92, 97-
 98, 100, 106, 108-9, 115, 116
 intensification 133, 171-72, 174, 183,
 199, 229
- intergenerational equity 39, 104
 India 155
 Inuit 59, 60, 76
 International Union for Conservation of
 Nature and Natural Resources 62
 intellectual property rights 66, 75, 111
 international farm crisis 85, 171
 irrigation 114
 indicators 7, 13-34, 90, 225
- Japan 86
 Keynesian 100, 159
 kinship 71-72
 knowledge 62, 71, 73, 84, 89-90, 92, 112,
 115, 116, 183-84, 208, 218, 272
- ladder of participation 51-52
 land 71, 76, 128, 159, 193, 257
 management 83, 106, 194
 planning 9, 62, 115, 189-210, 226
 use 155-56, 170
 Landcare Programme 106, 183
 landscape 200-1, 203-7, 252, 258, 262-63
 LEADER Programme 265, 267, 273
 LETS 225
 lifeway/lifestyle 59-60, 78, 212, 218, 228,
 241
 limits to growth 36, 38, 42
 LISA Programme 183
 livestock 88-89, 127, 129, 134-35, 137,
 142
 local 49, 51, 61, 69, 74, 84, 86, 92, 97-98,
 100, 102-4, 108, 112, 114, 125, 131,
 140-41, 164, 181, 184, 190, 204, 228,
 229, 241, 255, 259, 261, 263, 265, 272-
 73
 logging 155
- machinery 130-32
 Malthus 42-44
 Man and Biosphere Programme 36
 management 62-63, 88
 managerialism 44, 52

- market 98, 106, 108-9
 marketing board 86
 Marx 42-44
 meat 85, 87-90, 132, 136, 140
 MENTOR 203-4
 milk 130, 134, 140
 mining 114, 127
 mode of ordering 84
 mode of regulation 99
 modernity 101-2, 105
 monetary compensation 77
 multifunctional 62, 180, 207, 258
- national parks 73, 155, 157, 177, 259, 262, 273
 National Trust 153
 nature 1, 7, 9, 35-36, 40-42, 45, 48, 85, 148, 150, 152-54, 160, 164-65, 200
 neo-liberal 100-1, 103, 106, 108, 110, 116, 159, 163
 Netherlands 21, 25, 203-4, 207
 network 6, 8, 81-85, 91-93, 107, 240-41, 248-49
 new agricultural countries 175
 New Zealand 8-9, 22, 26, 75, 77, 81-82, 86-92, 104, 110-15, 128, 139, 155, 175, 212-14, 241
 Nitrate Vulnerable Zones 176
 non-governmental organisation 13, 162, 164, 272
 North American Free Trade Association 138
- Ontario 183, 211-23
 organic
 farming 9, 139-41, 181-82, 252
 production 112, 264
 wine 112-13
 other gainful activity 137, 174
- permaculture 180
 pesticides (see agri-chemicals)
 pick-your-own 140
 pigs 130, 134-35, 174
- planning 259, 274
 plantations 126-28, 136, 142
 pollution 52, 173, 191
 polyculture 180
- population change 1, 62, 72, 107, 174, 190, 211-23, 227, 241, 249, 260, 262-63
 post-materialist 150, 159-66
 post-productivist 175
 poultry 134-35, 174
 poverty 163, 166
 power 84-85, 98-99, 105, 115-16, 149, 248
 predators 183
 preservationist 150, 152-57
 pressure-state-response model 23-24, 27
 private sector 211-23, 272
 privatisation 106-7
 production-consumption 82-83, 105, 123, 125, 132
 productivism 162, 171, 173-76, 184
 property rights 113, 154
 public policy 7, 13, 21, 23, 27, 52, 82, 102, 211-23, 240
