Preface	v
---------------	---

Part I: Urological Investigations

(1) Urine Tests	3
(a) Urinalysis	3
(b) Flow Cytometry	19
(c) Cytology	21
(d) Glomerular Filtration Rate	25
(e) Creatinine Clearance	27
(f) 24-Hour Urine for Urinary Protein Excretion	28
(g) 24-Hour Urine Analysis for Stone Formers	30
(h) Urinary Electrolytes	34
(i) Renal Tubular Acidosis	38
(j) Adrenal-Specific Urinary Tests	40
(k) Urinary Markers for TCC Detection	42
(l) Urinary Markers for Prostate Cancer Detection	44
(2) Blood Tests	47
(a) Prostate-Specific Antigen (PSA)	47
(b) Electrolytes	54
(c) Testicular Tumor Markers	55
(d) Bone Disease Related to Urology	61
(e) Sex Hormone Profile	63
(f) Serum Markers of Adrenal Function	64
(3) Radiology	69
(a) Plain Abdominal Radiograph (KUB)	69
(b) Intravenous Urography (IVU)	72

(c)	Ultrasound Scanning (USS)	80
(d)	Computed Tomography (CT)	87
(e)	Magnetic Resonance Imaging (MRI)	99
(f)	Magnetic Resonance Spectroscopy	107
(g)	Nephrostogram	110
(h)	Retrograde Ureteropyelography (RPG) ...	114
(i)	Doppler Studies	118
(j)	Cystogram	119
(k)	Urethroglyphy	122
(l)	Cavernosography	127
(m)	Fistulography	130
(4)	Nuclear Medicine Investigations	132
(a)	MAG3 Renography	136
(b)	DMSA Renography	146
(c)	Obtaining a Glomerular Filtration Rate (GFR)	148
(d)	Bone Scan	152
(e)	Positron Emission Tomography (PET) Scan	157
(5)	Urodynamics	163
(a)	Frequency Volume Charts	163
(b)	Flow Rate Study	166
(c)	Residual Bladder Urine Volume Estimation	172
(d)	Pressure-flow Cystometry Studies	173
(e)	Urethral Pressure Profile	181
(f)	Video Urodynamics	186
(g)	Ambulatory Urodynamics	189
(h)	Sphincter Electromyography (EMG)	192
(6)	Other	195
(a)	Transrectal Ultrasound of the Prostate ...	195
(b)	Urinary Stone Analysis	200
(c)	Pad Test for Urinary Incontinence	203
(d)	Laparoscopy for Undescended Testis	205
(e)	Aspiration of Renal Cysts	207
(f)	Urethral Swabs	208
(g)	Bladder Catheterization	210
(h)	Standard Semen Analysis	213
(i)	Cystoscopy	216

Part II: Urological Conditions Requiring Investigations

(7) Scrotal Pain and Swellings (Excluding Tumors)	223
(a) Epididymal Cysts	223
(b) Epididymitis	223
(c) Scrotal Abscess	224
(d) Testicular Torsion	224
(e) Hydrocele	225
(f) Varicocele	225
(8) Lower Urinary Tract Symptoms	226
(i) Bladder Outlet Obstruction	226
(ii) Urinary Incontinence	227
(a) Stress	227
(b) Urge	228
(c) Lower Urinary Tract Fistulae	228
(iii) Lower Urinary Tract Infections	228
(iv) Chronic Pelvic Pain Syndrome/ Interstitial Cystitis	229
(9) Loin Pain	234
(i) Urinary Stones	235
(a) Acute Ureteric Colic	236
(b) Renal Stones	236
(c) Bladder Stones	236
(d) Stones in Continent Pouch	237
(ii) Upper Urinary Tract Obstruction	237
(a) Ureteropelvic Junction Obstruction (UJPO)	237
(b) Ureteric Obstruction (Stricture/Tumor)	238
(c) Vesico-Ureteric Reflux	238
(iii) Upper Urinary Tract Infections	238
(10) Urological Cancers	240
(a) Renal	242
(b) Adrenal	244
(c) Urothelial	244
(d) Prostate	245
(e) Penis	247
(f) Testis	248

(11) Congenital and Pediatric Disorders	250
(a) Hydronephrosis.	250
(b) Urinary Tract Infection (UTI)	253
(c) Posterior Urethral Valves (PUV)	254
(d) Undescended Testis (UDT).	255
(e) Urinary Incontinence	256
(12) Andrology	258
(a) Erectile Dysfunction (ED)	258
(b) Peyronie's Disease.	260
(c) Sub-Fertility	260
Index	267
