

## Table of Contents

<b>Auriculotherapy in Medicine</b> .....	2	Shoulder Pain .....	52
<b>The Two Types of Ear Points</b> .....	4	Geriatric Spinal Disorders .....	54
Points Linked Directly to the		Fibrocystic Breast Disease and	
Nervous System: Reflex Points .....	6	Mastodynia (Painful Breasts) .....	56
Neurohumoral-Type Points:		Migraines .....	58
the Neurovascular Complexes .....	8	Depressive Disorders .....	60
<b>Anatomy of the Ear</b> .....	10	First Rib Syndrome .....	62
<b>Innervation of the Ear</b> .....	12	Hypotension .....	64
<b>Representation of the Organs</b>		Food Allergies .....	66
<b>on the Ear</b> .....	14	Cerebral Laterality Disorders .....	70
<b>Representation of the</b>		Psoriasis .....	72
<b>Vertebral Column</b> .....	16	Trigeminal Neuralgia .....	74
<b>Ear Locations</b> .....	18	Acute Hemorrhoids .....	76
Mesodermic Tissues .....	19	Anguish and Anxiety .....	78
Endodermic Tissues .....	20	Pediatric Hyperactivity .....	80
Ectodermic Tissues .....	21	Chronic Progressive Polyarthritis	82
<b>Other Locations</b> .....	22	Asthma .....	84
<b>Methods of Point Detection</b> .....	24	<b>Anatomy of the Posterior Ear</b> .....	86
Pressure (Pain) Detection .....	24	<b>Mesodermic Locations on the</b>	
Electrodetection .....	26	<b>Posterior Surface of the Ear</b> .....	88
<b>Point Treatment Methods</b> .....	28	<b>Endodermic Locations on the</b>	
<b>Indications for Auriculotherapy</b> .....	30	<b>Posterior Surface of the Ear</b> .....	90
Tobacco Addiction Treatment		<b>Ectodermic Locations on the</b>	
Protocol .....	32	<b>Posterior Surface of the Ear</b> .....	92
Treatment of Toxic Scars .....	34	<b>Important Points on the</b>	
Obesity .....	36	<b>Posterior Surface</b> .....	96
Constipation .....	40	<b>Geometric Relationships</b> .....	98
Sciatica .....	42	<b>Treatment of Aligned Points</b> .....	100
Female Infertility .....	44	<b>Prioritizing the Points</b> .....	102
Spasmophilia (Latent Tetany) .....	46	<b>Paul Nogier's Phase Theory</b> .....	104
Shingles (Herpes Zoster) .....	48	<b>A Contemporary Perspective on the</b>	
Reflex Sympathetic Dystrophy		<b>Phases and Their Clinical Use Today</b>	106
(Shoulder–Hand Syndrome) .....	50	Phase 1 .....	108

Phase 2 .....	110	<b>The Study of Ear Points by their Frequencies .....</b>	<b>144</b>
Phase 3 .....	114	<b>The Electromagnetic Signature of a Lesion .....</b>	<b>146</b>
<b>The Auricular-Cardiac Reflex (ACR), Also Known as Vascular Autonomic Signal (VAS) .....</b>	<b>118</b>	<b>The Treatment of Peripheral Neuropathies .....</b>	<b>148</b>
<b>How to Experience the Vascular Autonomic Signal .....</b>	<b>120</b>	<b>The Treatment of Fibromyalgia .....</b>	<b>150</b>
<b>Cutaneous Photoperception .....</b>	<b>122</b>	<b>The Treatment of Depressive Disorder .....</b>	<b>152</b>
<b>Cutaneous Photoperception and Ear Points .....</b>	<b>124</b>	<b>Appendix .....</b>	<b>154</b>
<b>The Nogier Frequencies .....</b>	<b>126</b>	About the Author .....	154
Frequency A .....	128	Auriculotherapy .....	155
Frequency B .....	130	Glossary .....	157
Frequency C .....	132	<b>References for Glossary .....</b>	<b>166</b>
Frequency D .....	134	Recommended Equipment and Supplies .....	166
Frequency E .....	136	<b>References and Further Reading ....</b>	<b>168</b>
Frequency F .....	138	References .....	168
Frequency G .....	140	Further Reading .....	168
<b>How to Select Equipment for Studying the Nogier Frequencies and Treating Ear Points .....</b>	<b>142</b>	<b>Index .....</b>	<b>170</b>
