I Clinical Aspects of Atopic Eczema

1 Atopy: Condition, Disease, or Syndrome?

J. Ring	3
1.1 History	3
1.2 Clinical Symptoms	4
1.3 Etiopathophysiological Aspects	5
1.4 Definition of Atopy	7
1.5 Conclusion	7
References	7

2 The History of Atopic Eczema/Dermatitis

A. Taïeb, D. Wallach, G. Tilles	10
2.1 Introduction	10
2.2 Precursors of Atopic Eczema	10
2.3 Toward a Modern Definition	14
2.4 Historical Landmarks in the Modern History of Atopic Eczema	16
2.5 The History of Atopic Eczema Treatments	18
2.6 What History Tells Us Today	18
References	19

3 Epidemiology of Atopic Eczema

T. Schäfer	21
3.1 Definitions	21
3.2 Diagnostic Criteria	21
3.3 Assessment in Epidemiological Studies	22
3.4 Measures of Frequency	22
3.5 Trends and Frequency of Atopic Eczema	23
3.6 Atopic Eczema in East and West Germany	23
3.7 Intrinsic and Extrinsic Atopic Eczema	24
3.8 Risk Factors and Characteristics	24
3.9 Prognostic Factors	27
References	27

4 The Burden of Atopic Eczema

A.Y. Finlay	31
4.1 Introduction	31
4.2 Nature of the Burden	31
4.3 Measurement of Burden	32

4.4 Strategies for Improving Burden	35
4.5 Declaration of Interest	35
References	35

5 Clinical Symptoms of Atopic Eczema

M. Deleuran, A. Braae Olesen, K. Thestrup- Pedersen	37
5.1 Introduction	37
5.2 Evolution of Atopic Eczema	38
5.3 Course of Atopic Eczema	39
5.4 Some Typical Clinical Features	40
5.5 Atopic Eczema in the Adult Patient	42
5.6 The Prognosis of Atopic Eczema	43
5.7 Atopic Eczema and Differential Diagnoses	43
5.8 Conclusion	43
References	44

6 Atopic Eczema in Infants

A. Taïeb, F. Boralevi	45
6.1 Introduction	45
6.2 Infantile Eczema: What It Is and What It Is Not	45
6.3 Historical Background: Hall's Thesis (1905) ..	46
6.4 Review of Current Diagnostic Criteria	48
6.5 Time Course of Clinical Aspects in Infancy ..	49
6.6 Differential Diagnosis	50
6.7 Complications	53
6.8 Management	54
6.9 Prognosis of Infantile Eczema	59
6.10 Conclusions	59
References	59

7 Stigmata of the Atopic Constitution

B. Przybilla, C. Bauer	61
7.1 Features of Atopy	61
7.2 Constitutional Stigmata of Atopy	63
7.3 Constitutional Stigmata as Markers of Atopy ..	70
References	72

8 Minimal Variants of Atopic Eczema		
B. Wüthrich	74	
8.1 Localized Minimal Variants of Atopic Eczema	74	
8.2 Juvenile Plantar Dermatitis	77	
8.3 Juvenile Papular Dermatitis: The Papular Form of Atopic Eczema	78	
8.4 Patchy Pityriasisiform Lichenoid Eczema: The Follicular Form of Atopic Eczema	79	
8.5 Comments	81	
References	82	
9 Diagnosis of Atopic Eczema		
S. Weidinger, J. Ring	84	
9.1 Introduction	84	
9.2 Morphology of Skin Lesions	84	
9.3 Morphological Variants	86	
9.4 Manifestations of Atopic Eczema at Special Body Areas	88	
9.5 Stigmata of Atopy	89	
9.6 Diagnostic Criteria for Atopic Eczema	90	
9.7 Differential Diagnosis of Atopic Eczema	95	
9.8 Allergy Diagnosis in Atopic Eczema	96	
References	97	
10 Differential Diagnosis of Atopic Eczema		
B. Wedi, A. Kapp	100	
10.1 Introduction	100	
10.2 Chronic Inflammatory Skin Diseases	100	
10.3 Infection and Infestation	101	
10.4 Immunologic Disorders	101	
10.5 Malignant Diseases	102	
10.6 Congenital Disorders	102	
10.7 Immunodeficiencies	103	
10.8 Metabolic Diseases	104	
10.9 Conclusion	106	
References	107	
11 Respiratory Symptoms in Atopic Eczema – Focus on Asthma and Early Treatment		
T. Haahtela	108	
11.1 Introduction	108	
11.2 Occurrence	108	
11.3 Risk Factors	109	
11.4 Early Treatment of Atopic Eczema or Rhinitis	110	
11.5 Early Treatment of Eosinophilic Inflammation and Asthma	110	
11.6 Improving Early Diagnosis	112	
11.7 Present and Future	112	
References	113	
12 Complications and Diseases Associated with Atopic Eczema		
D. Vieluf, J. Rieker, T. Ruzicka	115	
12.1 Introduction	115	
12.2 Infections in Atopic Eczema: General Remarks	115	
12.3 Bacterial Infections	115	
12.4 Mycotic Infections	115	
12.5 Viral Infections	117	
12.6 Parasitic Disorders	123	
12.7 Exfoliative Erythroderma	124	
12.8 Associated Ocular Diseases	124	
12.9 Associated Gastrointestinal Disorders	126	
12.10 Cystic Fibrosis	127	
12.11 Steroid-Responsive Nephrotic Syndrome	128	
12.12 Metabolic Disorders	128	
12.13 Cutaneous Lymphomas	129	
12.14 Anhidrotic Congenital Ectodermal Dysplasia	129	
12.15 Growth Impairment	129	
12.16 Sleep Disturbances	130	
12.17 Psoriasis	130	
12.18 Photosensitivity	130	
12.19 Drug Sensitivity	130	
12.20 Insect Venom Allergy	131	
12.21 Congenital Perceptive Hearing Loss	131	
12.22 Vitiligo	131	
12.23 Hair Anomalies	131	
12.24 Netherton's Syndrome	132	
12.25 Down's Syndrome	132	
12.26 Sudden Infant Death Syndrome	132	
12.27 Dubowitz Syndrome	132	
12.28 Eczematous Skin Lesions in X-Linked Immunodeficiency with Hyperimmunoglobulinemia M Syndrome	132	
12.29 Cutaneous Amyloidosis	133	
12.30 Gynecological Diseases	133	
12.31 Neurological Disorders	133	
12.32 Autoimmune Disorders	133	
12.33 Hypoproteinemia	134	
12.34 Pityriasis Rosea	134	
12.35 Palmar-Plantar Keratoderma of Unna-Thost	134	
12.36 Multiple Dermatofibrosarcomata	134	
References	134	

13 Diseases Rarely Associated with Atopic Eczema	
A. Braae Olesen	144
13.1 Atopic Eczema and Insulin-Dependent Diabetes Mellitus	144
13.2 Atopic Eczema and Psoriasis	145
13.3 Atopic Eczema and Rheumatoid Arthritis	146
13.4 Atopic Eczema and Melanocytic Nevi	147
13.5 Concluding Remarks	147
References	148
14 Natural History of Atopic Eczema	
B. Wüthrich	150
14.1 Studies on the Long-Term Prognosis of Atopic Eczema After Childhood	150
14.2 Studies Reporting Data on the Long-Term Prognosis of Atopic Eczema Based on Community Samples	150
14.3 The Atopic March: Atopic Eczema and the Development of Asthma and Hay Fever	151
14.4 The Atopic March: Early Sensitization to Foods and Aeroallergens Is the Main Risk Factor for the Development of Asthma	153
14.5 Children with the Non-IgE-Associated Variety of Atopic Eczema (Intrinsic Atopic Eczema) Rarely Get Asthma	154
14.6 Conclusions	155
References	155
15 Dry Skin	
N. Y. Schürer	157
15.1 The Stratum Corneum	157
15.2 Pathophysiology of Dry Skin	159
15.3 Conclusion	163
References	163
16 Occupational Aspects of Atopic Eczema with Emphasis on Atopic Hand Eczema	
T.L. Diepgen	166
16.1 Introduction	166
16.2 Clinical Aspects of Atopic Hand Eczema	166
16.3 Atopic Skin Diathesis and Hand Eczema	168
16.4 The Triangle of Atopic Eczema, Hand Eczema, and Occupational Skin Disease	168
16.5 Sick Leave and Changing Occupations Due to Atopic Eczema	170
16.6 Atopic Eczema as an Effect Modifier or Risk Factor for Hand Eczema	171
16.7 Attributable Risk for Occupational Skin Diseases	172
16.8 On the Quantification of Risk	173
16.9 Occupational Guidelines for Individuals with Atopic Eczema	175
16.10 Key Points	175
References	176
17 Allergic Contact Dermatitis and Atopic Eczema	
A. Schnuch, W. Uter, K. Reich	178
17.1 Clinical Findings	178
17.2 Preimmunologic Mechanisms in Allergic Contact Dermatitis	181
17.3 Atopic Eczema and Impairment of the Epidermal Skin Barrier	183
17.4 Immunologic Mechanisms in Allergic Contact Dermatitis	184
17.5 The Immunopathogenesis of Atopic Eczema – Possible Interference with Allergic Contact Dermatitis	188
17.6 Conclusion	191
References	194
18 Immunodeficiency Syndromes and Atopic Eczema	
M. Laimer, H. Hintner, P. Fritsch	202
18.1 Primary and Secondary Immune Deficiencies	202
18.2 The Immune Defect in Atopic Eczema	203
18.3 Eczema in Primary Immunodeficiency Disorders	204
18.4 Primary Immunodeficiency Disorders Frequently Associated with Atopic Eczema	204
18.5 Primary Immunodeficiency Disorders Occasionally or Possibly Associated with Atopic Eczema	207
18.6 Is Atopic Eczema a Feature of Acquired Immunodeficiency Disorders?	210
18.7 Comments and Conclusions	210
References	211
19 Atopic Diseases in Families	
M. Uehara	213
19.1 Introduction	213
19.2 Family History of Atopic Diseases	213
19.3 Subtypes of Atopic Dermatitis	214
19.4 Personal History of Atopic Respiratory Diseases	214
19.5 Descendant Family History of Atopic Eczema	215
19.6 Paternal and Maternal Effect	215
