Part I General

Introduction	3
Prevalence of Somatic and Emotional Disorders	7

Part II Specific Patterns of Disease

1	Primarily Psychogenic Dermatoses ...	11
1.1	Self-Inflicted Dermatitis:	
	Factitious Disorders	12
1.1.1	Dermatitis Artefacta Syndrome (DAS)	13
1.1.2	Dermatitis Paraartefacta Syndrome (DPS)	16
	Skin-Picking Syndrome (Neurotic Excoriations)	17
	Acne Excoriée (Special Form)	18
	Morsicatio Buccarum	19
	Cheilitis Factitia	20
	Pseudoknuckle Pads	20
	Onychophagia, Onychotillomania, Onychotemnomania	21
	Trichotillomania, Trichotemnomania, Trichoteiromania	21
1.1.3	Malingering	24
	Therapy	25
1.1.4	Special Forms	28
	Gardner–Diamond Syndrome	28
	Münchhausen’s Syndrome	29
	Münchhausen-by-Proxy Syndrome ..	30
1.2	Dermatoses as a Result of Delusional Illnesses and Hallucinations	30
	Delusion of Parasitosis	32
	Body Odor Delusion (Bromhidrosis) ..	35
	Hypochondriacal Delusions	36
	Body Dysmorphic Delusions	36
	Special Form: Folie à Deux	37
1.3	Somatoform Disorders	38
1.3.1	Somatization Disorders	38
	Environmentally Related Physical Complaints	38
	Ecosyndrome, “Ecological Illness,” “Total Allergy Syndrome”	39
	Multiple Chemical Sensitivity Syndrome	41
	Sick-Building Syndrome	41
	Gulf War Syndrome	41
	Special Forms	41
	Electrical Hypersensitivity	41
	Amalgam-Related Complaint Syndrome	42
	“Detergent Allergy”	42
	Chronic Fatigue Syndrome	42
	Fibromyalgia Syndrome	42
1.3.2	Hypochondriacal Disorders	43
	Cutaneous Hypochondrias	44

Body Dysmorphic Disorders (Dysmorphophobia)	45		Dissociative Sensitivity and Sensory Disorders (F44.6)	65
Whole-Body Disorders	46	1.3.5	Other Undifferentiated Somatoform Disorders (Cutaneous Sensory Disorders)	67
Dorian Gray syndrome	46		Somatoform Itching	67
Hypertrichosis	47		Somatoform Burning, Stabbing, Biting, Tingling	69
Hyperhidrosis	47	1.4	Dermatoses as a Result of Compulsive Disorders	71
Muscle Mass	48		Compulsive Washing	72
Special Form: Eating Disorders	48		Primary Lichen Simplex Chronicus ..	73
Partial Body Disorders	50	2	Multifactorial Cutaneous Diseases ...	79
Psychogenic Effluvium, Telogen Effluvium, Androgenic Alopecia	50		Atopic Dermatitis	79
Geographic Tongue	52		Acne Vulgaris	86
Buccal Sebaceous Gland Hypertrophy	52		Psoriasis Vulgaris	91
Breast	53		Alopecia Areata	95
Genitals	53		Perianal Dermatitis (Anal Eczema) ...	97
Cellulite	53		Dyshidrosiform Hand Eczema (Dyshidrosis)	99
Special Form: Botulinophilia in Dermatology	54		Herpes Genitalis/Herpes Labialis	100
1.3.3 Somatoform Autonomic Disorders (Functional Disorders)	58		Hyperhidrosis	102
Facial Erythema (Blushing)	59		Special Forms	103
Erythrophobia	59		Hypertrichosis	104
Goose Bumps (Cutis Anserina)	59		Lichen Planus	104
Hyperhidrosis	60		Lupus Erythematoses	106
1.3.4 Persistent Somatoform Pain Disorders (Cutaneous Dysesthesias)	60		Malignant Melanoma	107
Dermatodynia	60		Perioral Dermatitis	109
Glossodynia	60		Progressive Systemic Scleroderma ..	110
Trichodynia/Scalp Dysesthesia	62		Prurigo	112
Urogenital and Rectal Pain Syndromes	63		Rosacea	113
Phallogynia/Orchiodynia/ Prostatodynia	64		Seborrheic Dermatitis	115
Anodynia/Proctalgia Fugax	64		Ulcers of the Leg (Venous Stasis)	116
Vulvodynia	64		Urticaria	117
Special Forms	65		Vitiligo	120
Erythromelalgia	65	3	Secondary Emotional Disorders and Comorbidities	123
Posthepetic Neuralgias	65	3.1	Congenital Disfiguring Dermatoses and Their Sequelae (Genodermatoses)	124
Trigeminal Neuralgia	65			
Notalgia Paresthetica	65			

3.2 Acquired Disfiguring Dermatoses and Their Sequelae 125
 Infections, Autoimmune Dermatitis, Trauma 125
 Neoplasias 125
 3.3 Comorbidities 127
 3.3.1 Depressive Disorders 127
 Persistent Affective Disorders 129
 Dysthymia 129
 Special Form: Season-Dependent Depression 130
 Mixed Disorders/New Syndromes (Sisi Syndrome) 130
 3.3.2 Anxiety Disorders 131
 Social Phobias 132
 Special Forms 132
 Iatrogenic Fear 132
 3.3.3 Compulsive Disorders 133
 3.3.4 Stress and Adjustment Disorders ... 133
 3.3.5 Dissociative Disorders 134
 3.3.6 Personality Disorders 135
 Emotionally Unstable Personality Disorders (Borderline Disorders) 135

Part III Special Focal Points in Dermatology

4 Allergology 141
 4.1 Immediate Reactions, Type I Allergy 143
 Undifferentiated Somatoform Idiopathic Anaphylaxis 144
 Pseudo-Sperm Allergy/Sperm Allergy 145
 Food Intolerances 147
 4.2 Late Reactions 149
 Contact Dermatitis 149
 5 Andrology 151
 Premature Ejaculation 152
 Lack of Desire 152
 Failure of Genitale Response 153
 Stress and Fertility 154

Special Case: Somatoform Disorders in Andrology 155
 Venereology 156
 Skin Diseases and Sexuality 157
 6 Cosmetic Medicine 159
 Psychosomatic Disturbances and Cosmetic Surgery 161
 Possible Psychosomatic/Mental Disorders 161
 Comorbidity 162
 Indication for Cosmetic Surgery and Psychosomatic Disturbances ... 165
 Management of Psychosomatic Patients Requesting Cosmetic Surgery 166
 Lifestyle Medicine in Dermatology .. 168
 7 Psychosomatic Dermatology in Emergency Medicine 175
 8 Surgical and Oncological Dermatology 177
 Indication in Aesthetic Dermatology 178
 Fear of Operation 178
 Polysurgical Addiction 178
 Oncology 181
 9 Photodermatology 183
 10 Suicide in Dermatology 187
 11 Traumatization:Sexual Abuse 189
 12 Special Psychosomatic Concepts in Dermatology 195
 Psychosomatic Theories 195
 Stress 196
 Central Nervous System – Skin Interactions:
 Role of Psychoneuroimmunology and Stress 197
 Psoriasis 202
 Atopic Dermatitis 202
 Urticaria 203
 Infections 203
 Cancer 203

Central Nervous System – Skin Interactions: Role of Neuropeptides and Neurogenic Inflammation	206
Coping	208
Quality of Life	209
Sociocultural Influence Factors and Culture-Dependent Syndromes	211
Part IV From the Practice for the Practice	
<hr/>	
13 Psychosomatic Psychodermatologic Primary Care and Psychosomatic Diagnostic	215
Establishing the Level of Functioning	216
Using Preliminary Information	216
Using Systematic Clinical Tools	216
Using the Findings	217
Other Therapeutic Implementations	219
Supportive Procedures and Crisis Intervention	219
Deep-Psychological Focal Therapy/ Short-Term Therapy	220
Tips and Tricks for Psychosomatic Dermatology in Clinical Practice	220
Psychoeducation	220
Training	221
Auxiliary Tools for Psychodermatological Evaluation Diagnosis and Treatment	221
Psychological Test Diagnostics	222
Questionnaires for Practical Use in Dermatology	222
Complaint Diary	229
Visual Analog Scale (VAS)	229
14 Psychotherapy	231
Indication For and Phases of Psychotherapy	231
Limitations of Psychotherapy	233
Psychotherapy Procedures	233
Behavior Therapies	233
Deep-Psychological Psychotherapies	235
Relaxation Therapies	236
15 Psychopharmacological Therapy in Dermatology	239
Main Indications and Primary Target	240
Symptoms of the Medications	240
Dermatologic Conditions with Underlying Psychotic/Confusional Functioning	241
Atypical Neuroleptics	243
Depressive Disorders	245
Selective Serotonin Reuptake Inhibitors	248
Non-SSRIs	249
Other Non-SSRI Antidepressants	250
Tricyclic Antidepressants	250
Other Tricyclic Antidepressants (Amitriptyline, Imipramine, Desipramine Group)	251
Compulsive Disorders	251
Anxiety and Panic Disorders	252
Benzodiazepines	252
Nonbenzodiazepines	254
Alternatives	254
Special Group: Beta Blockers	254
Hypnotics	255
Antihistamines with Central Effect	256
16 SAD Light Therapy, Vagal Stimulation, and Magnetic Stimulation	259
16.1 Light Treatment of Seasonal Affective Depression	259
16.2 Treating Depression with Vagus Nerve Stimulation	260
16.3 Transcranial Magnetic Stimulation ..	260
17 The Difficult or Impossible-To-Treat Problem Patient	261
Expert Killers and Doctor Shopping	262
Avoidable Medical Treatment Errors	262
Compliance	263
The Helpless Dermatologist	264

18	The Dermatologist's Personal Challenges Within the Institutional Framework: Developing the Psychodermatologic Practice	265
19	Liaison Consultancy	269
20	New Management in Psychosomatic Dermatology	271
	Outpatient Practice Models	271
	Inhospital Psychosomatic Therapy Concepts	271
	Psychosomatic Day Clinic	273
21	A Look into the Future	275

Part V Appendix

A 1	Books on Psychosomatic Dermatology	281
A 2	Contact Links	283
A 3	ICD-10 Classification	287
A 4	Glossary	289
