# Contents

## *Arxula adenivorans*

- Chapter 1 Temperature-Dependent Dimorphism of the  
Non-Conventional Yeast *Arxula adenivorans* . . . . . 3  
WARTMANN T, KUNZE G
- Chapter 2 Expression of Heterologous Genes  
in *Arxula adenivorans* Budding Cells and Mycelia . . . 7  
WARTMANN T, KUNZE G

## *Ashbya gossypii*

- Chapter 3 Effect of Precursor Feeding on Riboflavin  
Production of *Ashbya gossypii* and Influence  
of Threonine Aldolase Overexpression . . . . . 15  
STAHMANN K-P, WEBER U

## *Candida maltosa*

- Chapter 4 Characterization of the 26S-rRNA Gene to Classify  
an Industrial Strain to be *Candida maltosa* . . . . . 23  
ARIE M, MATSUDA H, TAKAGI M
- Chapter 5 Isolation of a *GCN4* Gene Analog  
and Determination of Its Involvement in Induction  
of Cycloheximide-Resistant Ribosomal Protein  
LA1-Q in *Candida maltosa* . . . . . 29  
TAKAKU H, TAKAGI M, OHTA A
- Chapter 6 Dehalogenation During Biodegradation  
of Chlorophenols by *Candida maltosa* . . . . . 35  
HAMMER E

Chapter 7	Production of Aromatic Acids During the Oxidation of Phenylalkanes by <i>Candida maltosa</i> . . . . .	39
	SCHAUER F	

### *Debaryomyces hansenii*

Chapter 8	Growth of <i>Debaryomyces hansenii</i> in Seawater Culture Medium . . . . .	47
	RAMIREZ-OROZCO M, OCHOA JL	
Chapter 9	Glycerol and Glucose Dissimilation by <i>Debaryomyces hansenii</i> : Substrate Influence on Growth Rate and Biomass Yield of Yeast . . . . .	51
	OCHOA JL, RAMIREZ-OROZCO M, MÁRQUEZ F	
Chapter 10	Induction of GDP from Halotolerant Yeast <i>Debaryomyces hansenii</i> by Salt Stress . . . . .	59
	THOMÉ PE	
Chapter 11	Salt Tolerance in <i>Debaryomyces hansenii</i> . Effect of Sodium on Growth at High Temperature and at Extreme pH . . . . .	65
	ALMAGRO A, RAMOS J	
Chapter 12	Preparation of Total DNA from <i>Debaryomyces hansenii</i> . . . . .	69
	ALMAGRO A, RAMOS J	

### *Hansenula polymorpha*

Chapter 13	Life Cycle of <i>Hansenula polymorpha</i> . . . . .	77
	GANCEDO C, SIVERIO JM, CREGG JM	
Chapter 14	Obtention of Auxotrophic Mutants in <i>Hansenula polymorpha</i> . . . . .	83
	GANCEDO C, SIVERIO JM, CREGG JM	
Chapter 15	Transformation by Electroporation of the Yeast <i>Hansenula polymorpha</i> . . . . .	89
	GANCEDO C, SIVERIO JM, CREGG JM	
Chapter 16	Expression of <i>Hansenula polymorpha</i> Nitrate Reductase Under the Control of the MOX1 Promoter . . . . .	97
	GANCEDO C, SIVERIO JM, CREGG JM	

- 
- Chapter 17 Promoter Assessment in *H. polymorpha*  
Using a *lacZ* Reporter Gene . . . . . 101  
SUCKOW M, KUTZNER M, AMUEL C, HOLLENBERG CP,  
GELLISSSEN G
- Chapter 18 Immuno-Gold Labeling of Invertase  
in *Hansenula polymorpha* . . . . . 117  
MANAZZU I, STRABBIOLI R

### *Hortaea werneckii*

- Chapter 19 Determination of Intra- and Extracellular  
Concentration of Glycerol in the Halophilic  
Black Yeast *Hortaea werneckii* Grown  
at Different Environmental Salinities . . . . . 127  
PETROVIČ U, PLEMENITAŠ A
- Chapter 20 Regulation of HMGCoA Reductase Activity  
by Salt Stress in *Hortaea werneckii* . . . . . 131  
PETROVIČ U, PLEMENITAŠ A
- Chapter 21 Isolation and Identification of Lipids from  
the Halophilic Black Yeast *Hortaea werneckii* . . . . . 135  
TURK M, MÉJANELLE L, PLEMENITAŠ A
- Chapter 22 Inhibition of DHN-Melanin Biosynthesis  
by Tricyclazole in *Hortaea werneckii* . . . . . 143  
KOGEJ T, WHEELER MH, LANIŠNIK RIŽNER T,  
GUNDE-CIMERMAN N

### *Kluyveromyces lactis*

- Chapter 23 Mating, Sporulation, and Tetrad Analysis  
in *Kluyveromyces lactis* . . . . . 151  
ZONNEVELD BJM, STEENSMA HY
- Chapter 24 Isolation of Mitochondrial Mutants from  
the Petite-Negative Yeast *Kluyveromyces lactis* . . . . . 155  
CHEN XJ
- Chapter 25 Gene Disruption in the Yeast *Kluyveromyces lactis* . . . . . 161  
QUEIROS O, CASAL M, MORADAS-FERREIRA P, LEÃO C
- Chapter 26 Transformation of *Kluyveromyces lactis* . . . . . 169  
KOOISTRA RA, STEENSMA HY

---

Chapter 27	Removal of Dominant Markers from the <i>Kluyveromyces lactis</i> Genome Using the Cre/loxP System . . . . .	175
	STEENSMA HY	
Chapter 28	Phenotypic Analysis of the <i>Kluyveromyces lactis</i> Killer Phenomenon . . . . .	179
	FICHTNER L, JABLONOWSKI D, FROHLOFF F, SCHAFFRATH R	
Chapter 29	Genetic Manipulation of the <i>Kluyveromyces lactis</i> Killer Plasmids k1 and k2 . . . . .	185
	SCHAFFRATH R	
Chapter 30	Chitin-Binding Capacity of the Zymocin Complex from <i>Kluyveromyces lactis</i> . . . . .	191
	JABLONOWSKI D, FICHTNER L, FROHLOFF F, SCHAFFRATH R	
Chapter 31	Heterologous Protein Production in High Copy Number Vector Systems . . . . .	185
	BIANCHI MM, MORLINO GB, FRONTALI L	
Chapter 32	Alcohol Dehydrogenase (ADH) Isozymes in <i>K. lactis</i> : Detection by Activity . . . . .	201
	FALCONE C, MAZZONI C, SALIOLA M	
Chapter 33	<i>Kluyveromyces lactis</i> Genome Mapping and Sequencing	209
	BOLOTIN-FUKUHARA M	
 <i>Pichia stipitis</i>		
Chapter 34	Mating and Segregation in <i>Pichia stipitis</i> . . . . .	215
	SCHRUFF B, PASSOTH V, KLINNER U	
Chapter 35	<i>ADH1</i> Disruption in <i>P. stipitis</i> by Targeted Restriction Enzyme Mediated Integration . . . . .	221
	FLUTHGRAF S, SCHRUFF B, KLINNER U	
Chapter 36	Examination of Xylose Fermentation in <i>P. stipitis</i> by Means of the Sensomat System . . . . .	229
	FLUTHGRAF S, KIRCHHOFF A, DEBYE J, PASSOTH V, KLINNER U	
Chapter 37	Regulation of Fermentation and Respiration . . . . .	236
	PASSOTH V, HAHN-HÄGERDAL B, KLINNER U	

---

Chapter 38	Investigation of Transcriptional Regulation of the Fermentative ADH in <i>Pichia stipitis</i> Using an EGFP Reporter Gene . . . . .	241
	PASSOTH V, KLINNER U, HAHN-HÄGERDAHL B	
Chapter 39	Cyanide-Insensitive Respiration . . . . .	245
	ELIASSON A, PASSOTH V, HAHN-HÄGERDAL B	
Chapter 40	Freeze Transformation, Plasmid Reisolation and Stability in <i>Pichia stipitis</i> . . . . .	253
	PASSOTH V, HAHN-HÄGERDAL B, KLINNER U	

### *Schwanniomyces occidentalis*

Chapter 41	Objective Analysis of Medium-Induced Fragility of <i>Schwanniomyces occidentalis</i> . . . . .	263
	JOHNSON BF, WAHALAWATTA D, MUKHERJEE S, FICKER C, BOROUMANDI S, CLARKIN O, RAMSINGH B, SIDDIQI F, VESSAL M, ESCORCIA J, CHOCK E, LOPEZ M, KHULBE S, PRIVORA H, BOOTH R, CALLEJA GB	
Chapter 42	Subjective Analysis of Medium-Induced Fragility of <i>Schwanniomyces occidentalis</i> . . . . .	267
	JOHNSON BF, CALLEJA GB, WALKER T	
Chapter 43	Analysis of Structural Discontinuities of the Wall of <i>Schwanniomyces occidentalis</i> . . . . .	271
	JOHNSON BF, CALLEJA GB, YOO B-Y, LIAQUAT K	
Chapter 44	Induction of Amylases in <i>Schwanniomyces occidentalis</i> . . . . .	275
	CALLEJA GB, WALKER T, LEVY-RICK S, JOHNSON BF	
Chapter 45	Ethanol Production from Starch by <i>Schwanniomyces occidentalis</i> . . . . .	279
	CALLEJA GB, LEVY-RICK S, WALKER T, JOHNSON BF	

### *Trichosporon domesticum*

Chapter 46	Characterization of Soluble Cytochrome P450 from <i>Trichosporon domesticum</i> . . . . .	285
	LATERNICHT H, SCHAUER F	

***Trichosporon montevidense***

- Chapter 47 Oxidation of the Fungicide Biphenyl by Yeasts  
of the Genus *Trichosporon* . . . . . 293  
HAMMER E, SCHAUER F

***Xanthophyllomyces dendrorhous***

- Chapter 48 Genetic Complementation Analysis by Protoplast  
Fusion of *Xanthophyllomyces dendrorhous* . . . . . 299  
RETAMALES P, CIFUENTES V
- Chapter 49 Lethal Effect of UV Light and Photoreactivation in  
*Xanthophyllomyces dendrorhous* . . . . . 305  
RETAMALES P, CIFUENTES V
- Chapter 50 Fermentation and Carotenoid Analysis of the Yeast  
*Xanthophyllomyces dendrorhous* (*Phaffia rhodozyma*) . 309  
VISSER H, VERDOES JC, VAN OOYEN AJJ
- Chapter 51 Metabolic Engineering of the Carotenoid Biosynthetic  
Pathway in *Xanthophyllomyces dendrorhous* (*Phaffia*  
*rhodozyma*) . . . . . 315  
VERDOES JC, VISSER H, VAN OOYEN AJJ
- Chapter 52 Astaxanthin Biosynthesis in *Xanthophyllomyces*  
*dendrorhous* (*Phaffia rhodozyma*):  
Effect of Inhibitors and Low Temperature . . . . . 323  
DUCREY SANTOPIETRO LM
- Chapter 53 Purification and Characterization of Extrachromosomal  
Genetic Elements of Double-Stranded RNA (dsRNA) of  
*Xanthophyllomyces dendrorhous* . . . . . 329  
CASTILLO A, CIFUENTES V

***Yarrowia lipolytica***

- Chapter 54 Mating, Sporulation and Random Spore Selection by  
Nystatin in *Yarrowia lipolytica* . . . . . 335  
BARTH G
- Chapter 55 Induction of the Yeast-Hypha Transition in *Yarrowia*  
*lipolytica* . . . . . 339  
DOMÍNGUEZ A

---

Chapter 56	Tagging of Genes by Insertional Mutagenesis in the Yeast <i>Yarrowia lipolytica</i> . . . . .	343
	MAUERSBERGER S, NICAUD J-M	
Chapter 57	Detection and Activation of the Ylt1 Retrotransposon in the Yeast <i>Yarrowia lipolytica</i> . . . . .	357
	SENAM S, BARTH G	
Chapter 58	Flow Cytometry of <i>Yarrowia lipolytica</i> . . . . .	365
	DOMÍNGUEZ A	
Chapter 59	A Copper-Regulated <i>Yarrowia lipolytica</i> Vector for the Expression of Heterologous Proteins . . . . .	369
	DOMÍNGUEZ A, PRADO M, GARCÍA S	
Chapter 60	Lipase Assay in <i>Yarrowia lipolytica</i> . . . . .	373
	MORÍN M, GONZALEZ FJ, CHOUPINA A, BURGUILLO FJ, DOMÍNGUEZ A	
Chapter 61	Expression of Mutant Gpr1p in <i>Yarrowia lipolytica</i> and Its Effect on Growth on Different Media . . . . .	379
	GENTSCH M, KUSCHEL M, BARTH G	
Chapter 62	Detection of Biosynthesis and Degradation of Peroxisomes by Different Carbon Sources with a Combined Assay Using a $\beta$ -Galactosidase-Gfp-SKL Chimaeric Protein for Labeling of Peroxisomes and the Peroxisomal Isocitrate Lyase as Control . . . . .	385
	PARSHYNA I, BARTH G	
Chapter 63	Induction of Citric Acid/Isocitric Acid and $\alpha$ -Ketoglutaric Acid Production in the Yeast <i>Yarrowia lipolytica</i> . . . . .	393
	MAUERSBERGER S, KRUSE K, BARTH G	
Chapter 64	Regulation of Production of <i>Yarrowia lipolytica</i> Extracellular Ribonuclease and Alkaline Extracellular Protease . . . . .	401
	OGRYDZIAK DM	

### *Zygosaccharomyces bailii*

Chapter 65	<i>Zygosaccharomyces bailii</i> : A Yeast with a Peculiar Pattern for the Regulation of Acetic Acid Metabolism in the Presence of Glucose . . . . .	409
	RODRIGUES F, SOUSA MJ, CÔRTE-REAL M, LEÃO C	

- Chapter 66 Transfection of Yeast with Toxin-Encoding dsRNA  
Viruses of *Zygosaccharomyces bailii* and Toxin  
Purification by Receptor-Mediated Affinity  
Chromatography . . . . . 417  
WEILER F, SCHMITT MJ

*Zygosaccharomyces rouxii*

- Chapter 67 Heat-Shock-Induced Activation of Trehalase  
in the Yeast *Zygosaccharomyces rouxii* . . . . . 429  
SOTO T, VICENTE-SOLER J, CANSADO J, GACTO M

**Miscellaneous Non-Conventional Yeasts**

- Chapter 68 Linear and Circular Plasmids of Yeasts . . . . . 437  
FUKUHARA H
- Chapter 69 Rapid Method to Extract DNA  
from Capsulated Yeast Species . . . . . 445  
CARDINALI G, BOLANO A, FATICHENTI F
- Chapter 70 Testing Various Yeasts for Ethanol Production  
from Xylose . . . . . 451  
CALLEJA GB, LEVY-RICK S, JOHNSON BF
- Chapter 71 Use of a Differential Culture Medium for the Enumera-  
tion of *Zygosaccharomyces bailii*, *Saccharomyces*  
*cerevisiae* and *Pichia membranifaciens* in Wine . . . . . 457  
SCHULLER D, CÔRTE-REAL M, LEÃO C
- Chapter 72 Characterization of Ubiquinone Type (CoQ7–CoQ10)  
of Non-Conventional Yeasts . . . . . 463  
SCHAUER F, HAMMER E
- Chapter 73 Non-Radioactive Dot Blot DNA Reassociation for  
Unequivocal Yeast Identification . . . . . 469  
CARDINALI G, LITI G, FATICHENTI F
- Chapter 74 Taxonomy Rules and Classification Hints for Non-  
Taxonomists Working with Unknown or Ill-Identified  
Yeast Cultures . . . . . 475  
MARTINI A, VAUGHAN AE, CARDINALI G

- Subject Index** . . . . . 491
