

Contents

Plant Infection by Root-Knot Nematode	1
David McK. Bird, Charles H. Opperman, and Valerie M. Williamson	
Parasitism Genes: What They Reveal about Parasitism	15
Eric L. Davis, R.S. Hussey, and Thomas J. Baum	
Molecular Insights in the Susceptible Plant Response to Nematode Infection	45
Godelieve Gheysen and Melissa G. Mitchum	
Resistant Plant Responses	83
Anna Tomczak, Kamila Koropacka, Geert Smant, Aska Goverse, and Erin Bakker	
Development of the Root-Knot Nematode Feeding Cell	115
R. Howard Berg, Thomas Fester, and Christopher G. Taylor	
Structure of Cyst Nematode Feeding Sites	153
Mirosław Sobczak and Władysław Golinowski	
Transcriptomic Analysis of Nematode Infestation	189
Yuhong Li, Thomas Fester, and Christopher G. Taylor	
Genomic Analysis of the Root-Knot Nematode Genome	221
Charles H. Opperman, David McK. Bird, and Jennifer E. Schaff	
Molecular Approaches Toward Resistance to Plant-Parasitic Nematodes	239
J.P. McCarter	
Index	269
