Preface	v
List of contributors	vii
Section 1 Time, Infinity, Cosmology	
1 Did Time Have a Beginning? A Meeting Point for Science and Philosophy	3
<i>Gabriele Veneziano</i>	
1.1 Introduction	3
1.2 Time in Classical Physics	4
1.3 General Relativity and the Beginning-of-Time Myth	5
1.4 The Beginning of Time: a Necessity or a Myth?	6
1.5 String Theory: What's That?	7
1.6 String-Inspired Cosmologies: a Longer History of Time?	8
References	10
Discussion	11
2 The Flow and the Map: On the Dynamic and Static Views of Time ..	13
<i>J.J.A. Mooij</i>	
2.1 Three Key Events in the Modern Philosophy of Time	13
2.2 The Two Views of Time	15
2.3 The Two Views and the Two Cultures	19
References	23
Discussion	24
3 The Evolution of the Universe	27
<i>Ruth Durrer</i>	
3.1 From Myths to “Rational Explanations” of Phenomena	27
3.1.1 The Chinese Myth of Phan Ku	27

3.1.2	The Pythagoreans	28
3.1.3	Ptolemy's Epicycles	29
3.1.4	Heliocentric Model	30
3.1.5	Galileo's Principle of Relativity	31
3.2	The Evolution of the Universe	31
3.3	Conclusions	35
	References	36
	Discussion	37
4	And the Eternal Zeno Springs to Mind	39
	<i>Piergiorgio Odifreddi</i>	
4.1	Introduction	39
4.2	A Perpetual Race	39
4.3	A Complete Autobiography	40
4.4	End of the Race	41
4.5	A Perfect Map	42
4.6	Kafkaesque Situations	43
4.7	Borges' Inventions	43
	References	44
	Discussion	45
5	Creating the Physical World <i>ex nihilo</i>?	51
	On the Quantum Vacuum and Its Fluctuations	51
	<i>Luciano Boi</i>	
5.1	Introduction: The <i>Vacuum</i> as a Philosophical and Scientific Concept	51
5.2	The Dirac Idea of Vacuum as a "Particle Sea": Wave Function, Dirac Equation and Negative Energy	53
5.3	The Role of Vacuum in Modern Physics: From the Universe to the Quantum World	55
5.4	The Problem of the Vacuum and the Conceptual Conflict Between GRT and QM	58
5.5	Topology and Curvature as a Source of Vacuum Fields	63
5.6	The Dirac "Full-Particles Sea" Idea and the Vacuum in Quantum Field Theory	64
5.7	Hole Theory, Negative Energy Solutions, and Vacuum Fluctuations	70
5.8	Further Theoretical Remarks on the Vacuum Fluctuations: Poincaré Conformal Invariance and Spontaneous Symmetry Breaking Symmetry (SSB)	73
5.9	Creation of Universes from Nothing	77
5.10	String Landscape and Vacuum Energy: The Emergence of a Multidimensional World from Geometrical Possibilities ...	81
5.11	Concluding Remarks	84
	References	87
	Discussion	90

6	Worldly Nihilism and Theological Nihilism – A Possible Definition .	99
	<i>Eugenio Mazzarella</i>	
6.1	What Nihilism Is	99
6.2	Submission to Exteriority as the Work of Reason	104
6.3	What Overcoming Nihilism Is	111
	References	112
	Discussion	112
7	General Discussion on the Themes of the First Section	115
Section 2 Intelligence and Emotions		
8	Original Knowledge and the Two Cultures	125
	<i>Giorgio Vallortigara</i>	
8.1	Introduction	125
8.2	The Chick and the Baby	126
8.3	Animated and Non-Animated Objects	131
8.4	Number	137
8.5	Space	139
8.6	Conclusions	142
	References	143
	Discussion	144
9	The Many Faces of Intelligence	147
	<i>Elkhonon Goldberg and Dmitri Bougakov</i>	
	References	161
	Discussion	162
10	Cycles of Re-Creation – A Psychoanalytical Approach to Music . . .	165
	<i>Joerg Rasche</i>	
10.1	Introduction	165
10.2	Chopin, Fantaisie-Impromptu op. 66	168
10.3	About the Inner Re-Creation of Our World	170
10.4	Schumann, Kreisleriana op. 16	171
	10.4.1 The “Invisible Girl”	172
	10.4.2 The Second Movement	173
	10.4.3 The Girl’s Melody	173
	10.4.4 Perturbations and Re-Consolidations	174
	10.4.5 Introversion	175
	10.4.6 Reappearance of the Girl’s Melody	175
	10.4.7 The Heartbreaking Moment	177
	Supplements	178
	References	180
	Discussion	180

Section 3 Beauty and Creativity

11	Symmetry: A Bridge Between the Two Cultures	185
	<i>Marcus du Sautoy</i>	
11.1	Symmetry: The Language of Nature	187
11.2	Symmetry: A Blueprint for the Arts	188
11.3	Music: The Process of Sounding Mathematics	190
11.4	The Mathematics of Symmetry	194
11.5	Symmetry in Hyperspace	200
	References	202
	Discussion	203
12	The Dynamics of Beauty	207
	<i>Giuseppe O. Longo</i>	
12.1	Introduction	207
12.2	The Spatial Dynamics: Near–Far	208
12.3	The Relational Dynamics: Object and Subject	212
12.4	Co-Evolutionary Dynamics	218
12.5	The Dynamics of Questions	223
12.6	Remarks on Symmetry and the Golden Ratio	225
12.7	The Beauty of Mathematics	231
12.8	Language and Thought	233
	References	235
	Discussion	236
13	Scientific and Artistic Creativity: In Search of Unifying Analogies	239
	<i>Ernesto Carafoli</i>	
13.1	Introduction	239
13.2	Beauty and Science	240
13.3	Symmetry and Beauty	244
13.4	The Quest for Truth in Artistic Creativity	245
	13.4.1 Music, Mathematics, and the Golden Ratio	245
	13.4.2 Visual Arts	248
13.5	Interplay Between Science and Art: An Example from the Architectural Work of Michelangelo	252
13.6	More on Art as a Path to Knowledge: Expressionism and Music	253
13.7	The Search for Truth in Poetry	254
13.8	The Structure of the Creativity Process. The Essential Role of Intuition	255
13.9	Intuition in Scientific Creativity	256
13.10	Intuition in the Work of Poets: The “Gift of God”	258
13.11	Summary	260
	References	260
	Discussion	261

14	The Artworld and the World of Works of Art	265
	<i>Maurizio Ferraris</i>	
14.1	Introduction	265
14.2	From Mimesis to Ready-Mades	266
14.3	The Hermeneutics of Art and the Ontology of the Works of Art	267
14.4	The Limits of Interpretation	269
14.5	Art as the Class of the Works of Art	271
14.6	The Paradigm of the Object	272
14.7	Diffuse Aesthetics	273
14.8	Impossible Works	274
14.9	Instruments	277
14.10	Physical, Ideal, and Social Objects	278
14.11	Objects that Pretend to Be Subjects	280
14.12	The Automatic Sweetheart	281
	References	282
	Discussion	283
15	Architecture Between Science and Art	287
	<i>Mario Botta</i>	
15.1	Introduction	287
15.2	Inadequacy of Technical Answers	288
15.3	The Need for Beauty and for the Infinite	289
15.4	Le Corbusier's Lesson	289
15.5	A Comparison with History	292
15.6	The Symbolic Value in the City	295
15.7	Geometry that Organizes Space	299
15.8	Presence in Landscape	303
	Suggested Reading	305
	Discussion	305
16	The Mirror: An Optical Prosthesis that Multiplies the Reflective Abilities of the Mind	307
	<i>Michelangelo Pistoletto</i>	
	Discussion	318
	Name Index	321
